**Intro: DDGGD**

I do remember  
when we were young  
got nothing to do  
just me and you – my Sue  
No life, no love, no harm  
there was only you – my Sue

Love came around  
first hurts we found  
no-one to talk to  
but there was you – my Sue  
when life is playing it's game  
you remain the same – my Sue

**GAD GAD**

Once I let you go  
to be with my friend  
you supported her, too  
and me without you – my Sue  
New friends – comin' and goin'  
but no-one like you – my Sue

When you came back to me  
I had a family  
and trouble to get through  
without you – my Sue  
Playing my own song went wrong  
so wrong without you – my Sue

**GAD GAD**

Now the time has come  
for me and for you  
to open our songs  
for someone new – my Sue  
Now we found our counterparts  
Me and Sue and Stella and You – my Love
