

## **12. Country Girl** ©2020 janeway/Carol & Dirk Bertram

### **Am E Am E ... Am E G Am**

**May the mountains be my witness to my soul and will,  
I don't need none of that fancy town thrill,  
My heart is on a cairn on the top of a hill,  
Yes, I'll always be \_\_\_\_ a true country girl**

I once took my chance for a few years,  
fell asleep to motors in my ears  
I said, a time will come when I've had my fill  
and I go back to bein' a true country girl

**May the mountains be my witness to my soul and will,  
I don't need none of that fancy town thrill,  
My heart is on a cairn on the top of a hill,  
Yes, I'll always be \_\_\_\_ a true country girl**

One time on my way to work,  
sat on the bus drivin' through dirt,  
I think through my plan to earn cash until  
I can go back to bein' a country girl

**May the mountains be my witness to my soul and will,  
I don't need none of that fancy town thrill,  
My heart is on a cairn on the top of a hill,  
Yes, I'll always be \_\_\_\_ a true country girl**

Lights through the night, folks workin', no rest,  
How can anyone keep up with that stress?  
My thoughts turn in xcircles, ain't keepin' still,  
I sure want to go back to bein' a country girl

**May the mountains be my h-  
I don't need none of that fancy town thrill,  
My heart is on a cairn on the top of a hill,  
Yes, I'll always be \_\_\_\_ a true country girl**

The thing about them new town folk  
Is that they don't shed a care 'bout the smoke  
The night sky is light, ain't a single star in sight  
Oh Lord, it sure makes me cry

**May the mountains be my witness to my soul and will,  
I don't need none of that fancy town thrill,  
My heart is on a cairn on the top of a hill,  
Yes, I'll always be \_\_\_\_ a true country girl**

**An authentic song. Having spent some years in the city, I realised that my heart and soul need the countryside.  
We wrote this song in November 2020**
