He said „you don't need to get up yet
It's the middle of the night,
and you don't need to do that work,
it's lying out of sight
Let the night just work for us,
the dawn comes soon enough
and when the moon and stars they merge
life ain't quite so rough“

Lying _ awake with you
Using the night to stay close
Starting to take our thoughts for whole
Our warmth sealing us up from heads to toes

She said „ I wish we could stay in bed
For the rest of our lives
Me being in your arms and you in mine
And sense that surge of love
Pulsing through my chest
And I hope that we both live a long long time

Lying_ awake with you
Using the night to stay close
Starting to takes our thoughts for whole
Our warmth sealing us up from heads to toes
